

WikiSuite: The most comprehensive and integrated Free / Libre / Open Source enterprise software suite ever developed

WikiSuite vs CommonsCloud

CommonsCloud and WikiSuite have some similarities. This page is to explain the differences and rationale of choices. You likely will be interested in the other [alternatives to WikiSuite](#).

Similarities

- A shared concern about integrating interfaces (and not just making it easy to install and upgrade apps)

Differences

As of 2018, CommonsCloud has picked 3 apps to integrate (Phabricator, NextCloud and Discourse), but it's not clear how to download and install the solution. WikiSuite offers a much broader feature set, with installers: [How to install WikiSuite](#)
