

WikiSuite: The most comprehensive and integrated Open Source enterprise solution.

MeshCentral

Started in 2008, **MeshCentral** is a free Open Source web-based remote support and computer management software. You could setup your own management server on a local network or on the internet and remote control and manage computers that runs either Windows* or Linux* OS. MeshCentral is one of the [components of WikiSuite](#). [MeshCentral was rewritten to Node.js in 2016-2017](#)

MeshCentral

2.0 Beta 2

Welcome

Connect to your home or office devices from anywhere in the world using [MeshCentral](#), the real time, open source remote monitoring and management web site. You will need to download and install a management agent on your computers. Once installed, computers will show up in the "My Devices" section of this web site and you will be able to monitor them and take control of them.

About major changes in 2022

- [EvoluData](https://github.com/Ylianst/MeshCentral/issues/6333) has stepped up and is working on a UX revamp: <https://github.com/Ylianst/MeshCentral/issues/6333>
- <https://github.com/Ylianst/MeshCentral/discussions/4795>
- "In November 2022, Intel discontinued its investment in, and is no longer contributing to, the Mesh open-source project." Source: <https://www.intel.com/content/www/us/en/content-details/773384/intel-discontinues-contribution-to-mesh-open-source-project.html>

The code is Open Source. The community has stepped up with:

1. 31 releases between 2022-12 and 2024-10: <https://github.com/Ylianst/MeshCentral/releases>
2. A major revamp of the UI: <https://github.com/Ylianst/MeshCentral/pull/6450>
3. And we are starting monthly community meetings: <https://github.com/Ylianst/MeshCentral/wiki/Community-Monthly-Meetings>

I urge everyone to join me in sponsoring Simon Smith (si458)!

<https://github.com/sponsors/si458>

“

Probably by far the most amazing development when it comes to MeshCentral is the amazing work Simon Smith (si458) how submitted a lot of PR's and is motivating me to start moving forward with more updates. Thanks Simon for the ongoing work.
