WikiSuite vs Adaxa

Adaxa Suite and WikiSuite have some similarities. This page is to explain the differences and rationale of choices. You likely will be interested in the other alternatives to WikiSuite.

Adaxa Suite clearly has a suite approach, and a very large number of features (ERP, Telephony , Document Management, etc.).

Adaxa is stronger than WikiSuite in ERP features. But Tiki in stronger is networking (Firewall, VPN, etc.), and Collaboration (Wiki engine).

Adaxa doesn't seem to offer a mail server, preferring to connect to an existing mail server, as documented here.

There is a Bare Metal Installation guide but no download link.

More info at: http://www.adaxa.com/.
