

# DR Congo internship 2018

Following a [3-day coding sprint](#), 12 students have been selected for an internship on ClearOS development from July 23rd to September 21st, 2018 (9 weeks). They will work on many projects, including creating apps for ClearOS. See list of projects below. The original inspiration is from:

<https://www.clearos.com/clearfoundation/social/community/my-suggestion-feature-request-list>

An XMPP (Jabber) chatroom is currently being set up so everyone can participate: [XMPP chatrooms](#)

## List of projects

- [ClearOS NTP \(WIP\)](#)
- [ClearOS Translations \(WIP\)](#)
- [ClearOS Web Server Details and Description \(WIP\)](#)
- [ClearOS Web Server functionality \(WIP\)](#)
- [ClearOS Upload Logo to Dashboard \(WIP\)](#)
- [ClearOS for all apps, indicate what it is Powered by \(WIP\)](#)
- [ClearOS Better admin home page \(WIP\)](#)
- [ClearOS generic UPS app \(NUT for ClearOS\) \(WIP\)](#)
- [ClearOS Shell Rights \(WIP\)](#)
- [ClearOS Storage App enhancements \(WIP\)](#)
- [ClearOS HTTP Administration Login Page Redirect \(WIP\)](#)
- [ClearOS DDNS enhancements](#)
- [ClearOS DVD Burner](#)
- [ClearOS Portable Load Balancing 4G Multi-WAN Router and Wireless Access Point](#)
- [ClearOS Update Accelerator \(Caching updates\)](#)
- [ClearOS Web File Manager: Add eFinder](#)
- [ClearOS WIFI Support](#)
- [ClearOS File Permission Checker and Fixer for flexshares](#)
- [ClearOS Cron Manager](#)
- [ClearOS Wake on LAN \(with scheduling\)](#)
- [ClearOS Apache Reverser Proxy](#)
- [ClearOS Voip Server](#)
  
- [ClearOS Toggle Multiple Repositories at once, update contents list later](#)
- [ClearOS app-miniupnpd Add Reporting](#)
- [ClearOS for all apps, should warn if firewall is blocking typical ports of that application](#)
- [ClearOS Runaway log files alerts](#)
- [ClearOS Attack Detector: more info and options](#)
- [ClearOS ZoneMinder - Security camera Server](#)
- [ClearOS Apache Tomcat - Java Server](#)
  
- [Soon\\*](#)

WikiSuite: The most comprehensive and integrated Open Source enterprise solution.

- Better comparison between media servers on market
- ClearOS Network Setup Suggestions
- etc.
