How to install FreeSWITCH on ClearOS

2021-07-20: WikiSuite will now support all major Linux distros. Thus, the information below is no longer updated. It may still be valid, or not. It will be eventually removed from this site, so anything relevant should be moved to the appropriate site. For anything related to ClearOS, please search among the following: ClearOS site, code base, Developer docs, Wiki or forum.

Please contact us if you would like to help out.

Status as of 2017-11-24: We will get back to this once Openfire app is complete. 1st objective will be to permit calling in and out of a WebRTC conference.

yum --enablerepo=clearos-updates-testing,clearos-contribs-testing install app-freeswitch
