WikiSuite: The most comprehensive and integrated Open Source enterprise solution.

How to install ghostscript on ClearOS

2021-07-20: WikiSuite will now support all major Linux distros. Thus, the information below is no longer updated. It may still be valid, or not. It will be eventually removed from this site, so anything relevant should be moved to the appropriate site. For anything related to ClearOS, please search among the following: ClearOS site, code base, Developer docs, Wiki or forum.

Please contact us if you would like to help out.

```
yum install ghostscript
```

https://www.ghostscript.com/

Alias names of this page:
ghostscript
