Description

Openfire Meetings planner to be a resource calendar in Tiki

Reported by

Marc Laporte

Priority

5 (low)

Area

Tiki Wiki CMS Groupware

Realtime (Openfire/Jitsi Meet)

Details

Openfire Meetings planner data should appear as a remote calendar in the Tiki calendar

So meetings can be well planned, attended, recorded. Later, we could add reminders, and call backs

Ideally, we should be able to schedule an Openfire meeting from Tiki via calendar invite
